RECOMMENDATIONS

"I've worked with a lot of designers - in an ad agency as well as running my own consumer goods company - and Rob is hands down the best designer I've ever worked with. His designs and art are creative and on target, and when there are revisions to make, he takes the feedback well and ends up exceeding my original vision. He also is very diligent at getting the job done on deadline - which quite frankly is very rare in the design world. I would (and often do) highly recommend him for any Sr. Designer job or freelance work." **Dave Lefkow, J&Ds Foods**

"Rob has been a pleasure to work with. His flexibility in design ran the gamut from professional to comical with ease. Rob was able to juggle the functional needs, design needs, and development needs on all the web projects I worked on with him with great skill. I would highly recommend Rob for any web design work. A true joy to work with."

Brett Lytle, Lytleworks

"Rob is an excellent designer and a joy to work with. His ability to work on several projects simultaneously - and all types of projects: Web, e-mail marketing, print marketing, collateral, music/event promotion materials, etc. - is amazing! Rob is able to provide the perfect balance of addressing the client needs & providing that WOW factor. (Plus, I love his illustration!) Rob is a joy!"
